Our journey into the magic of Huna began in 1986 and has continued throughout our lives. We studied meditation, dream recall and analysis, alternate healing techniques, finding parking spaces, altering weather, and many other interesting practices. This book documents some of our experiences, and includes four trance sessions by three different mediums. Three sessions deal with the Kahunas and how they performed their 'magic'. The other session teaches us how to recall and interpret our dreams, whereby we can obtain guidance in our lives.4.99
